

Faith Baptist Church D-Group Discussion Guide
November 20, 2022

1. According to Ephesians 4:11-16, what is the overall goal of equipping? Furthermore, how do we know that effective equipping is taking place?
2. What are the two perspectives that affect whether we are making a difference for the Kingdom or not? How do we know this from Scripture? Feel free to reference back to past sermons and blogs.
3. Reflect on your past ministry experience. Where have you served the Lord in the local church? Where are you serving currently or where would you like to serve?
4. How can the members of this group assist you in serving at FBC? How can your group find a service or ministry to do together? Prayerfully consider someone you can serve alongside.
