

Faith Baptist Church D-Group Discussion Guide

March 12, 2023

1. How does sin get imparted to humankind? How does holiness get imparted to humankind? What Scripture references support these spiritual realities?

2. God blesses the penitent child (James 4:8-10). How would you describe the attitude and actions of genuine repentance? Share some of the blessings God has given you when you genuinely repented.

3. Pastor Matt said, "Those who are deeply aware of their sin, are also deeply affected by grace." What do you think he means by being "deeply affected by grace"? Share some specific instances in your life that have reminded you of the power of God's grace.

4. God promises forgiveness and blessing to His children. Both are products of God's grace. How do we promote forgiveness and blessing among the church family? Does this impact how we interact with unbelievers? As a group, how can you do this better?
