

Faith Baptist Church D-Group Discussion Guide May 21, 2023

1. How have you perceived the seen world as “real” and the unseen world as “unreal”? How does the Bible teach almost the opposite? Share a time when you found this to be true.

2. Read Ecclesiastes 3:11. God’s justice and restoration are careful, skillful, and in His time. In what way is suffering part of God’s “craftsmanship”? How does our human perspective limit our ability to see God’s workmanship until a later time (see Eph 2:10; 1 Cor 13:11; Rom 8:28)?

3. Pastor Matt stated two damaging effects of sin; it corrodes our heart, and it erodes our relationship with the Father. Share a time when you have experienced the effects of sin. What damage did it cause in your spiritual walk? How did God restore you to spiritual health? This could also be a good place to share your salvation testimony with the group.

4. God is actively working to make us holy. What are some of the tools at His disposal for this holy “craftsmanship”? How can your D-group encourage you in “distancing” yourself from sin?

Homework for Sunday: Read Zechariah 2:1-13 and 5:1-4
